

## **WILCOX OIL COMPANY SUPERFUND SITE REMEDIAL INVESTIGATION**

**SCOPING SITE TOUR:** On August 19 and 20, 2015, EPA and ODEQ met with the EPA Remedial Investigation contractor to conduct a scoping tour of the site. The purpose of the site walk was to provide the contractor with a better understanding of the layout and waste source areas as well as potential routes of exposure such that a work plan could be developed. **Meyer, x6742.**
